President's Report: As most of you know the announcement was made at the Save The Trap Range Dinner, January 27, 2024, that we would be reopening the Trap Range unless we got a hard no from El Dorado County. On Monday, January 29, 2024, 9:00 AM we received an email from the County that said, in essence, not so fast there are many bureaucratic hoops that have to be jumped through before reopening. The process of hoop jumping has begun.

On February 7th, Bob St Amour, and myself met with our counsel, county counsel and Mark Moss, Northern California Trustee, El Dorado County, California CUPA (Certified Unified Program Agency) to discuss the path forward. County counsel and Mark Moss were cooperative and stated that as long as the hoops get jumped through and the site inspection is sent to Durin Linderholm and he finds it satisfactory, we can reopen.

Dave thanked everyone for all their valuable help with the Save The Trap Range Dinner. Nick Gonzales and Tony Garcia obtained very nice raffle prizes and helped with set up along with other members. Chris Puehse, Foothill Ammo, purchased the ammo donated by Keith Hunwick which added to our profitability.

Vice President & Senior Range Manager Report (SRM): Bob presented proposed policy change for "Waiving of Range Fees for RSO's. A lengthy and spirited discussion took place. Bob withdrew the policy change.

Secretary's Report: Sharon reported that with Dave & Sandie Longcor's guidance and hard work, along with many others, El Dorado Practical Shooters (EDPS) was started in 2021 and to date has brought in more than \$12,000 to El Dorado Gun Club. Thank you for your dedication and exemplary effort to help El Dorado Gun Club.

Pistol/Rifle Range RM: Bob made the following report for Mike Hampton: Despite the uncooperative weather requiring a couple events to be cancelled, January was a good month for attendance overall.

The El Dorado Steel Shooters operation, and the Steel Challenge orientations and practice sessions they provide, have become quite popular with interest continuing to grow. Thanks, to Amir, Chris, Chad, Bret and all principals who log many hours to make these events seamless.

Similar recognition and thanks are due to the principals behind El Dorado USPSA and that very popular and well-run operation.

The inventory is in good shape, with thanks due for those who acquire and stock supplies.

And all is well in the El Dorado shooting world...

Trap Range RM: No report
